

Registration Policy

1. Eligibility

Users must have a valid account in the Smart Event Management System to register for an event.

2. Registration Availability

Participants can register only for events that are available for registration. Registration is subject to the capacity defined for the event.

3. Event Capacity

When an event reaches its maximum participant capacity, new registrations may not be accepted.

4. Duplicate Registration

A participant should not register more than once for the same event. Duplicate registrations should be prevented by the system.

5. Registration Confirmation

Participants should check their registration status after submitting a registration request.

6. Registration Information

Participants should provide the required information accurately during registration and review the event details before submitting the registration.
